## SUNSET LEAGUE OPENS MONDAY

Y. M. C. A. and Consolidation  
Coal Co. Will Be Seen  
in Opening Game.

Owing to the inability of several of the Morley Button Factory players to participate in Monday evening's game, the Sunset League schedule has been changed so that the opening game will be played by the Y. M. C. A. and the Consolidation Coal Company, instead of by the latter team and the Morley Button Factory as per former schedule.

The Consolidation boys will line up as follows:

Bruce E. (Pitts), P. Remick, 1b; Humphreys, 2b; Cragen, 3b; Downing, ss; Palmer, rf; Smart, cf; Blaney, lf.

The Y. M. C. A. lineup is:

Gunn, c; J. Marden, 1b; McPheters, P. Brackett, 1b; Harrington, 2b; Jordan, 3b; Marden, ss; Timmins, lf; Newton, cf; Mulholland, rf.

Other details of the opening game will be carried out as formerly planned. A large crowd is expected to witness the opening game, and today the city is alive with baseball enthusiasm.

## HALF HOLIDAY.

Employees of Coal Company  
Work But Half Day on  
Saturday.

The employees of the Consolidation Coal Company are now enjoying the half holiday on Saturday. This arrangement will continue until October and affects every department.

## BOY'S TWILIGHT LEAGUE

A Boy's Twilight League composed of players between ten and fifteen years of age has been formed, and the first game will be played Monday evening between the Farraguts and All Stars. The other teams composing the league are the Whipples and South Ends and possibly a team from New Castle may enter.

## FARRAGUTS WON.

At the South playgrounds this morning the Farragut school base ball team defeated the Whipple nine by a score of 10 to 1. For the winners H. Fletcher, Kane and Cotton excelled. For the losers P. Rowe, Armstrong and Dow.

## ELECTROCUTED AT BIDDEFORD

Roy Wakefield, a Former Employee  
of the Atlantic Shore Railroad  
Meets Tragic Death

Roy Wakefield, 21 years old, a workman in the employ of the Otto Nelson company, which is putting in the sewer for the city of Biddeford on Main street was fatally shocked Friday afternoon near the corner of Main and Jefferson streets, through his forming a connection with one of the heavily charged wires of the York Power Co. He was removed to the Webster Hospital, Dr. Dolloff being summoned to attend him. The pulmotor of the York Power Company was sent to the scene and later taken to the hospital for use in resuscitating the young man.

It is understood that at the time of the accident, Mr. Wakefield had hold of the iron screw which is used in hoisting dirt out of the sewer ditch.

The screw is hoisted by a steam hoisting engine operating a derrick. The hoisting rope is of iron or steel, and it is understood that in the swinging of the arm of the derrick the wire rope was brought in contact with a wire of the York Power Company, carrying 2,300 volts. A heavy charge of electricity was thus transmitted through Wakefield's body, disabling him instantly.

Despite the efforts of the physicians, Mrs. Dolloff and Traynor Wakefield died about four o'clock.

The accident happened shortly after three o'clock.

Wakefield was well known in Biddeford where he was employed by the Atlantic Shore railway and his death will cause much grief.

## TO INVITE PRESIDENT WILSON

Will be Asked to Attend the Flag Day  
Exercises in this City June 15

It is understood that an appeal will be made to President Wilson to visit Portsmouth as well as Manchester on Flag Day. The Flag Day celebration at Manchester which he has promised to attend takes place in the forenoon and the exercises will be held in the afternoon. Portsmouth was the first city in the state to celebrate Flag Day with elaborate patriotic exercises, and in fact one of the first in this section of the country to give a day to honoring Old Glory under the auspices of the B. P. O. E.

The fact that the old town has long been the home of both branches of Uncle Sam's service, the army and navy, and rich in history of both, should impress the President when the appeal is made for him to come this way.

**SOUTH ELIOT**

The services at the South Eliot Advent Christian church for tomorrow will be as follows: Sunday school at 1.15; preaching services at 2.30 by Rev. G. H. Cornish. Evening service at 7.30 o'clock.

For best results try a Want Ad.

## BIG BOOM AT HAMPTON BEACH

Three New Breakwaters in  
Process and Gas Pipes  
Are Being Laid.

Three new breakwaters at Hampton Beach are in the process of construction, and it is the intention of the overseers in charge to have them completed by June 15.

Work will be continued till the appropriations become exhausted. One is being erected north of the Casino and is to extend 500 feet. One south the same distance, and one at what is known as the Pines district below the Casino between the ocean and the boulevard.

The Gas company which has recently been formed with John Cusackman of Haverhill at the head, intends to have the beach equipped at this opening of the summer season. A gas main from Salisbury is to be extended to Seabrook Beach, thence across the long bridge to Hampton.

Everything gives promise of a busy and prosperous season at the resort.

## LOOKING OVER STREET WORK

Local Officials Visit Boston  
and Other Cities on  
Friday.

Mayor H. B. Yawton accompanied by Councilmen Northwick and Duncan of the finance committee and Messrs Husky, Sugden and Superintendent Barrett of the public works were in Boston on Friday looking over the variety of street work. They visited Roxbury, Brookline and Cambridge, and were much pleased for the time they gave to the same. Every new idea in paving was presented to the delegation which will no doubt be a great benefit to the street department here when the work that is proposed is under way.

## EXPECT TO OPEN CHURCH IN JULY

Catholics at Hampton Beach  
Will Worship in New  
Edifice Soon.

The Catholic church now under construction at Hampton Beach is expected to be open for the first services in July. This church, which comes under the Exeter parish, will be officially dedicated later in the season, most likely in August, and will fill a long felt want among the people who locate for the season at this summer resort. For several years the Sunday services by the Catholics have been held in the Casino.

## A NOVEL IDEA.

Rebus in Nichols' Candy Store  
Window Attracted Much  
Attention.

The rebus in Nichols' candy store window the past three days has attracted much attention and the proprietor received upwards of one hundred answers to the puzzle. Many of the answers were correct with the exception of a word or two.

The correct solution of the rebus was as follows: "Our home made candles are excellent and wholesome. They are made under the cleanest and most sanitary conditions; from the best of ingredients. No use talking, our home made candles can't be beat."

The first prize was awarded to Mrs. Lottie Rintz; second to Miss Gertrude Dobson; third to Miss Gertrude R. Long.

## ANNOUNCEMENT.

I take this method of informing the public generally that I have recently installed an Oxy-Acetylene welding outfit in connection with my blacksmith shop and am prepared to weld and make strong all kinds of castings, whether of steel, aluminum, copper, brass or bronze, especially automobile parts, thus eliminating costly delays in obtaining these parts from the factory. By this process the loss of time due to a breakdown can be materially reduced both in loss of time and cost of replacement. A trial will convince you. Your respectfully,

FREDERICK WATKINS,  
111 Hanover St., Portsmouth, N. H.

## NEW YORK OFFICER AS GUEST

Officer Cornelius Sullivan of the New York police department was the guest of Officer Kelley of the local force on Friday.

Don't fail to attend the Union service in the North church Sunday evening at 7.30.

# EXECUTION OF PARKS MAY HOLD UP PLANS

## THAW TO LEAVE CONCORD SOON

Sheriff Drew Picks Out Gor-  
ham for Summer Resi-  
dence of Charge.

Concord is to lose Harry Thaw, for instead of a summer sojourn at the Eagle he is to pass the balmy months at the Mt. Madison house in the little north country town of Gorham.

Under the final decree of Judge Edgar Aldrich of the United States district court, the entire custody of Thaw is placed in the hands of general Sheriff Drew and taking advantage of his authority he has removed his charge to Gorham, which is but six miles from Berlin, the sheriff's home.

(Continued on Page Four)

## Peace Conference is Postponed Until Wednesday and Huerta May Not be in Position to Negotiate Then

Washington, May 15—John R. Sullivan American vice consul at Saltillo, who was arrested by Mexican Federal officials, and over whose safety there have been great fears left Saltillo yesterday for Mexico City, according to a telegram sent tonight to Ambassador Spring-Rice from Sir Lionel Curzon, British minister in Mexico City.

Washington, May 15—Rear Admiral Mayo and the American officers received renewed assurances from Constitutional authorities last night that all foreign property at Tampico would be adequately protected. Admiral Mayo's report was transmitted to the navy department late tonight. Quiet had been restored in Tampico, the message stated, and no further US order was expected.

Washington, May 15—Postponement of the Mexican mediation conference at Niagara Falls from next Monday to the following Wednesday at the request of the Mexican delegates ended the plans of the South American mediators and the American commissioners for departure today and tomorrow, and caused much speculation.

(Continued on Page 5.)

# GAS SHOW

## The Age of Marvels.

The age of miracles may be past, as is frequently remarked, but we are living in an age of marvels such as the world never knew before. Wonderful inventions and discoveries come to the front with such frequency that people have become indifferent to any ordinary achievement, and it now requires what would once have been considered a miracle to attract widespread attention.

The telephone, the trolley railway, the electric light and scores of other inventions that would once have been considered miraculous have become commonplace. People use them and think little more about them than if they had always existed. Now comes the flying machine, which is a wonderful achievement whether it ever proves of practical utility or not, but the most wonderful of all recent developments is wireless telegraphy, to be followed at once, apparently, by wireless telephony, which seems even more wonderful. Wireless telegraphy has amply demonstrated its practical value, particularly in the saving of life and property at sea. What wireless telephony may have in store for us time will disclose.

It is something that has been talked about for some time, and it has been known that inventive genius was trying to solve the problem of transmitting the human voice through space for long distances without the use of wire. And what has already been accomplished would amaze the world were it not for the fact that what has been accomplished in other fields has prepared people to accept whatever comes, no matter how marvelous, as practically a matter of course.

The public has read of the remarkably successful experiment in wireless telephony that was made in New York a few days ago. From the roof of a building the voice of Caruso, the celebrated tenor, was carried as far as Philadelphia. The songs were heard by all the wireless operators at Sandy Hook and along the New Jersey coast. A commercial message was sent from New York to Philadelphia, and the singing of the great tenor was heard on a steamer that was many miles from New York on its way to New Orleans.

Language is inadequate to fitly describe such an accomplishment, and yet keen and general interest in it will be temporary. Apparently wireless telephony will soon be as commonplace as any of the other great inventions and discoveries, and attention will be directed to something else just as great, but as yet unheard of. Truly we are living in an age of marvels.

## Will He Heed This?

It is sometimes said that the legislature of Massachusetts is over-fond of giving its advice to Washington and that it "resolves" on about every available national issue. We heard a little of that sort of criticism when it went on record the other day against the buying of foreign bunting for flags for the United States navy. Some gentlemen were pleased to observe that Secretary Daniels would consign the opinion of the Massachusetts general court to the limbo of things forgotten. Perhaps he will and perhaps he will not. But here is a new expression of sentiment for him to consider. It is in a letter that has just reached him signed by John M. Woods, department commander of the Massachusetts G. A. R., in which it was stated that the council of administration of the G. A. R., representing 10,000 veterans of the Civil war, "most respectfully request that all bunting and other material needed for the national uses shall, if possible, be the product of American labor and capital."

What will the secretary say to sentiment of that sort and from such a source?—Boston Post.

The school teachers of Cleveland, O., have voted to affiliate with the American Federation of Labor. They want an increase in salaries and evidently think this is the way to get it. Yet, all things considered, it is hardly a dignified proceeding on the part of the teachers, who ought to be able to convince the school authorities of the reasonableness of their demands, if their demands are reasonable, without recourse to union labor methods.

The American Sugar Refining company and another large corporation want their work done by American citizens, and are consequently to have their employees naturalized as rapidly as possible. What's the use of employing foreigners when one can just as well be served by "American citizens?"

Dr. Washington Gladden of Columbus, O., one of the leading preachers and writers of the country, says "the newspaper profession is as sacred a calling as the ministry." But the proverbial modesty of newspapermen will incline them to refute the flattering allegation.

In one province of China the penalty for opium smoking ranges from a term of penal servitude to death. That looks like business, especially in a country where the penalties prescribed are imposed.

The Manufacturers' Association of Montreal pronounces the government of that city inefficient. So it seems that inefficiency in city government is not monopolized by the United States.

## Where A. B. C. Mediation Conference Is Being Held And Principal Representatives of Both Countries.

CLIFTON HOTEL, NIAGARA FALLS, CANADA.

JUSTICE LAMAR.

EMILIO RABASA.

F. W. LEHMANN.

The scheduled start of the A. B. C. mediation conference at the Clifton hotel, Niagara Falls, Canada, on May 18 attracted the interest of the whole world. The United States commissioners are Justice Joseph R. Lamar of the United States supreme court and Frederick W. Lehmann of St. Louis. The principal representative of Mexico is Emilio Rabasa, said to be Huerta's spokesman.

## THAW TO LEAVE CONCORD SOON

(Continued from Page One)

This will make it more agreeable for the officer and he thoroughly believes that his companion will like the clear air, excellent scenery and attractive countryside where he is to pass the coming months.

Officer Clark D. Stevens who has acted in the capacity of deputy custodian to Thaw is to go to Gorham with the party, as Judge Aldrich's ruling gives Sheriff Drew authority to procure what aid is necessary in caring for the prisoner. The party including Harry K. Thaw, Sheriff Holman A. Drew, Officer C. D. Stevens and Secretary H. J. Rice will leave Concord for their north country abode just as soon as arrangements may be made for the transfer.

Thaw and his guardians may now go to any part of New Hampshire but cannot pass its borders without a special writ from Judge Aldrich.

The quitting of Concord by Thaw and his guardians is an event of no little note as the distinguished visitor and those officials who have been his constant companions have made the capital city their residence for eight months. Quartered at the Eagle, they have been the cynosure of first, the eyes of the natives, and after the first few months of the novelty the eyes of all the city's transients.

Thaw has made many friends during his stay at Concord. His natural desire to please and be friendly with all whom he comes in contact with have won him a host of friends in the city. In fact the entire party has been a welcome addition to the city and it is regretted in many quarters that its members are to leave.

It is said that the people of Gorham and the surrounding countryside are eagerly awaiting the coming of the party.

## TALKS ON THRIFT

No. 18.—Saving for a Home

"Thrift and providence are primary qualities necessary to all who are to make the most out of life and its opportunities."—Mayor Newton D. Baker of Cleveland.

There have been many plans to force the habit of thrift upon people otherwise careless of their savings, but it is doubtful if any other system exists that which a man voluntarily assumes when he decides to acquire ownership of his own home by means of monthly payments, covering principal and interest of the loan.

So flexible is the human mind that the only absolute guarantee of carrying out a good intention is to make it impossible to violate it, and that is practically what is done when a man puts himself in a position where he must keep up certain regular payments or run the risk of losing his home.

Every normally constituted man has the ambition sometime to own the roof over his head. It is the best way to live.

To accomplish the object the average man who must depend largely upon his own efforts, requires energy, self-reliance and a determination to overcome all obstacles.

If he starts a savings bank account and makes weekly deposits therein to accumulate the first cash payment invariably required of a house buyer

or buyer, he will learn lessons of method, order and punctuality in business arrangements that will stand him in good stead when he undertakes to swing the house owning proposition later on.

And even if you don't make a life-long home of the first house you buy or build, nevertheless you are doing a wise thing to save and invest in this way.

This is illustrated by the typical experience of a young couple who started housekeeping in a New Jersey suburb of New York a few years ago.

With the aid of one of the building and loan associations which abound in New Jersey, they built a house, after having paid for their lot with savings withdrawn from the bank at the purpose.

At the end of several years they had an equity in the property amounting to about \$4000. At that time there came to this man an especially good business opportunity in another state and he was compelled to sell his home in order to move.

This he was able to do easily, receiving a good cash payment on the property and a second mortgage on the balance (the building and loan association holding the first mortgage which was assumed by the new buyer of the house.)

So the original home builder now has the income from the mortgage to add to his other earnings, while his successor in the ownership of the house is steadily increasing his equity by monthly payments and in time will own his home free and clear.

It is plain that fortune must fairly take some of us by the nap of the neck and hold us to force riches upon us. Few wage-earners or salaried persons, following their own sweet will, acquire a competence through willing thrift and abstinence. Many there are who are even now reaping dividends from long years of compulsory savings, who have been enriched by the experience in spite of themselves.

Start a savings account, buy a home and force yourself to save.

## PEOPLE'S OPINIONS

Base Ball Season at Hand.

Beginning on Monday next the Sunset League opens the ball playing series, for which an impatient multitude of lovers of the game has been waiting. No one would venture to contradict the statement that Portsmouth is the banner city of the state in the number and ability of players and attendance at the games. This standard will be maintained as long as their atonement of cheapable liberal financial support. Let the nickels and the dime be evidence of genuine appreciation and thus enable the managers and the several teams to improve in many details that call for constant outlay. Where can one be so well entertained for so trifling an outlay? There is more jingle to a dime than to an insignificant penny, so remember to keep the treasury well supplied. Liberal contributions will be needed. It has been suggested that the merchants close their stores at 5.45, thus affording to their employees ample time to reach the grounds and enable the managers to start the games promptly at 6 o'clock. The gain of fifteen minutes would assure the finish of the games before darkness. VETERAN.

## MADE THE TRIAL TRIP.

Constructor Adams, U. S. N., and Surgeon Wheeler, U. S. N., from the navy yard, who have been on duty with the Board conducting the trial trip of the torpedo boat destroyer

MacDonough, returned home on Friday evening.

Doan's Ointment cured me of eczema that had annoyed me for a long time. The result was lasting." Hon. S. W. Matthews, Commissioner Labor Statistics, Augusta, Me.

## CURRENT OPINION

Drink Might Cause Wreck of Great Battleship or Loss of Critical Battle

I have recently issued an order abolishing the wine mess. With a singular lack of logic, critics who see fit to represent me as a foe to discipline on the one hand twist this into a case of discipline gone mad on the other.

A far greater question than that of discipline lies back of this. There is no body of men more temperate and clear headed in the world than our officers, but let me for the moment put the shoe on the other foot and bring the question home in another form.

The wreck of a great battleship, the loss of a critical battle and the honor of our country may easily hinge upon one of many men in the varied and complex duties which these great masses of intricate machinery called battleships have created. Would any one take chances with the engineer of his train? Why, then, should any one seriously ask me to take chances with those who direct the movements of our ships?—By Secretary of the Navy Josephus Daniels.

## NAVAL MILITIA TO HAVE DESTROYER

The torpedo boat destroyer MacDonough, one of the first ships built by the Fore River Company has been assigned to Boston for the use of the Massachusetts Naval Militia. The torpedo boat Dupont of Fall River has been ordered to report for similar duty. The MacDonough is undergoing repairs at New York, and will report at Boston next month.

A change has been made in the Sun set League schedule and the Marines and Y. M. C. A. will open the season.

The largest and most expensive souvenir ever put out, absolutely free, for so small a sum.

### EXAM FOR TEACHERS

Henry C. Morrison, superintendent of public instruction, announces that there will be an examination for state teachers' certificates held on Friday and Saturday, June 26 and 27 in Concord, Keene, Woodsville, North Conway, Portsmouth, Whitefield and West Lebanon.

Read the Want Ads.

## LEFTY LOUIE'S WIDOW GIVES HER EVIDENCE

Says She Heard Plans for Rosenthal Murder and Saw Spoils Divided.

New York, May 15.—Mrs. Lillian Rosenthal, the pretty young widow of "Lefty Louie," one of the four gunmen electrocuted last month for the part they played in the murder of Herman Rosenthal, today was a witness for the state at the third trial of Charles Becker, charged with being the instigator of the plot which her husband helped to carry out. In swearing that she heard Jack Tase urge her husband and his three companions to kill Rosenthal because Becker wanted them to, and that she saw the quartet dividing the money they received in payment for the crime, she directly contradicted the testimony she had given at her husband's trial and furnished what legal experts declared to be "proof beyond all doubt" that the witnesses for the state have told the truth.

On cross examination the widow of Lefty Louie was asked why she had not testified at the trial of the gunmen as she did today. With tears in her eyes the girl answered:

"I did then because I wanted to save the man I loved from the electric chair."

Mrs. Rosenthal appeared on the verge of collapse; but she grasped the arms of the witness chair and quickly regained control of her emotions.

Mrs. Rosenthal's statements discounts the confession alleged to have

been made by "Dago Frank" Ciroflet, just before the gunmen were electrocuted. In the confession he was quoted as saying he never heard the name of Becker mentioned in connection with the murder plot.

During the same session of court, a witness, formerly a chauffeur for Becker, declared an assistant district attorney had threatened to have him indicted if he failed to give untrue testimony that would have been damaging to Becker's case.

Counsel for Becker expressed themselves as being highly elated over this admission.

## PORTSMOUTH THEATRE PROGRAMME

For Friday and Saturday

The Scar—Biograph drama.

She goes out to investigate graft charges against the politician. A new drama featuring Claire McDowell and Joseph McDermott.

A Little Madonna—Vitaphone drama. The availing faith of a little child protects her from harm in a wonderful way. Fear seizes her persecutor, and he believes he is in the presence of the Madonna. Margaret Gibson is the lead.

ACT—Howard and Mason—Singing, A Man in the House—Biograph comedy.

The husband, on returning, finds that his house is rented to the new-weds.

The Tango Flat—Is on the same reel. Everybody's doing it! Because of the noise, he moves out and moves in a flat where tango lessons are being taught. What does he do?

ACT—Ward and Webster—Singing, Talking and Dancing.

In Spite of the Evidence—Selig drama. A governor who proposes to veto a bill prohibiting child labor, is made to feel the disapproval of the people, in silent, but significant fashion.

Will Blood Tell—Lubin drama.

She asks him if he will help her steal the jewels. And does he? A nice little surprise at the end.

Special for Monday and Tuesday—"Shotgun Jones"—Selig, two parts. This is an interesting photoplay with plenty of thrills.

### NEWINGTON.

Walter Hocking passed last week in Boston and vicinity.

Mr. Lewis Boone was in Boston on Wednesday on business.

Mr. George Turlin of Dipping was in town on Friday.

About twenty members of the Piscataqua Grange took a drive on Wednesday evening to visit the Stratham Grange.

Mr. Woods of Portsmouth drove them over. They felt amply repaid for going and despite the cool, damp air they also enjoyed the ride.

Professor Patrichilds of Durham college gave a lecture on Thursday evening at the town hall on agriculture, especially on how to raise potatoes and corn. The lecture consisted of useful information and those who were present feel they have a better knowledge of how to prepare the soil, etc. After the lecture a boys' club was organized consisting of eight boys, who will try to out-win the other and raise the best and largest amount of corn on the plot which each is to work for himself. We give our best wishes for success to each one and we hope that the crop raised will be one that the worker will be proud of.

A social was held at the town hall on Friday evening under the auspices of the Reapers' Society. A large crowd was present. Entertainment consisted of the operetta "Peggy's Dream," which was repeated by the school children, and singing by Miss Mary Shaw of Greenland. The operetta was a success and much credit is given the children for impersonating the different characters. The interest in the play did not abate, but increased, so that at the close each one had they expressed themselves, would have wished that the dream had not ended and thus brought about the end. Candy and other things were for sale. The proceeds will be used to make up the deficiency in the sum required for the church organ.

Several members of the Historical Society met at the old parsonage on Thursday afternoon. They are cleaning and getting the rooms ready for paint and paper.

### SALVATION ARMY

Special services will be held at the Salvation Army this week-end.

Envoys W. Rendle, assisted by Adj. J. Lillington, both of Boston will be visiting officers.

There is to be an open air service on the Square tonight at 7.30. Sunday morning at 10.30 Mr. Rendle will speak in the Court street Christian church.

There will be a public meeting at 3 p. m. in the Army Hall and at night there is to be a Union service in the North Congregational church at which Mr. Rendle will give his thrilling story.

The service commences at 7.30. Everybody welcome.

A household remedy in America for 25 years—Dr. Thomas' Electric Oil. For cuts, sprains, burns, scalds, bruises. 25c and 50c. At all drug stores.

The men attached to the U. S. S. Montana are a well behaved set and a credit to the United States navy.

## HAPPENINGS OF THE DIAMOND

Base Ball Gossip of Interest to Our Readers.

### DOVER RAILROAD MEN WIN

The A. R. Y. boys lost a hard fought and snappy game to the D. R. and H. employees, Friday afternoon at Central Park; score 7 to 6. Both teams did some excellent hitting. For the local boys, England pitched an excellent game, while Locke, his catcher, held him well and did some clever base running. The feature of the game was a double play, Cloutier to Sturtevant in the eighth inning. Two other double plays were also worked with success by the Kittery boys. They are by no means discouraged by their defeat, and the next game will be watched for with interest.

### A HARD STRUGGLE

Monday night's Sunset League game looks like a hard struggle. Both teams are strong and both are composed entirely of local boys.

### IN THE GAME AGAIN

Smoky Joe Wood is on the job again. He made a good showing in a one inning try-out yesterday. Fans are hoping to see Joe in his former shape before long.

### HAVE CHANGED THEIR MINDS

Those people who thought that Portland was asleep have changed their minds since she thrashed the league leaders yesterday.

### HAS AN OPEN DATE

Portsmouth High School has an open date for next Saturday. (Perhaps York High would like to try it again.) Local fans would like to see P. H. S. go get the New Hampshire State Freshmen.

### SOME STRIKE OUT RECORD

Boyer of Hamilton College struck out twenty-one in Friday's game against Rochester, and two weeks previous he struck out twenty men in a single game. Some record for a schoolboy.

### FARMED OUT TO LEWISTON

Manager Carrigan of the Red Sox has turned infielder Swanson over to the Lewiston Club, New England League.

### LOOKS LIKE COLBY

The general opinion is that Colby will lead in the Maine state track games today. However, Maine State should also be near the top of the pile.

## RAILROAD NOTES

William Leary, clerk at the Boston and Maine freight office concluded his duties there today to take a position with the New England Telephone Company.

The Railroad Brotherhood of Maintenance of Way Employees on the White Mountain division of the Boston and Maine railroad will hold its anniversary celebration in Concord today.

The officials and clerks of the South

We're specialists in washing—we use the right soaps and have modern equipment that does the work thoroughly and gently besides sterilizing the articles.

If you want freedom from the hot drudgery of wash day and want better washing, have your articles cleansed by us.

Telephone at Office and Residence.

ern division, who came to Concord when the division headquarters were moved from Boston some time ago, have gotten things to running smoothly and most of them think the move was a good one from a business standpoint. Concord is the logical location for the headquarters, being near the center of the division, and making it convenient to all points. If the White Mountain division south of Woodsville is added to the Southern as has been rumored for some time past, it would be more convenient to have the headquarters in Concord than elsewhere.

### PERSONALS

Mr. and Mrs. James Morrison and Mrs. Alice M. Johnson are to shortly remove from Bartlett street to Hill street.

State Secretary Harry D. Watson of the Y. M. C. A., who has been passing the week in this city, left today for Newton, N. H.

Miss Annie McWilliams of Beacon street, Boston, who recently returned from Hamilton, Bermuda, is passing a few days at the navy yard, a guest of her brother, James McWilliams.

Dr. and Mrs. J. S. Towle who have been in Concord and Lacoda, returned on Friday evening, after making a trip through the White Mountains as far as Maplewood. Dr. Towle reports considerable snow in the mountains and three feet drifts in Crawford Notch.

### HOPE

We speak with the lip and dream in the soul  
Of some better and fairer day;  
And the days the meanwhile to that golden goal  
Are gliding and sliding away.  
Now the world becomes old, now again it is young,  
But "the better's" forever the word on the tongue.

At the threshold of life Hope leads us in—  
Hope plays round the faithful boy;  
Though the best of his charms may with youth begin  
Yet for age, it reserves its toy.  
When we sink at the grave why the grave has scope,  
And over the coffin man plenti—  
Hope!

And it is not a dream of a fancy proud,  
With a foot for its dull hegeter;  
There's a voice at the heart that proclaims aloud—  
"Ye were born to possess the better!"  
And that voice of heaven, oh ye who believe,  
Will never leave the Hope of the soul to deceive,  
Tr. from the German of Schiller.

## SHOE NEWS

N. H. BEANE & CO., PORTSMOUTH, N. H.

*Dorothy Dodd*

### THE MOST FOR THE MONEY

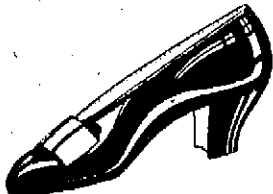

A few years ago it would have been impossible to get so much style and finish into a shoe for \$3.50 to \$5.00.

The Dorothy Dodd shoe has all the "look" of a hand made shoe that would have cost twice as much.

Because of modern methods and a wonderful factory organization behind the shoes we offer you the most for your money.

And we will prove it if you will let us.

This cut illustrates No. 1699, one of the season's modish pumps in patent leather. No. 1499 is gun metal of the same.

Coming Monday—"Like Father Like Son"—Two reel American drama; and "Detective Kelly"—Two reel special Paths drama.

## WARD THREE WAKES UP

Will Endeavor to Induce City to Finish the Pine Street Playgrounds.

Ward Three Improvement Society held a meeting Friday evening in the Sagamore Fire Engine house on Bartlett street, and elected the following officers: Chairman, John Newick; secretary, Ceylon Spinney; executive committee, John Newick, Ceylon Spinney, Daniel W. Badger, Harry J. Freeman and John Yarrowood.

There was a large number of taxpayers present and a great many remarks and suggestions were made by the following: William J. Shuttlesworth, William Cogan, ex-Councilman John Leary, Representative William H. Moran, Thomas Moran, ex-Councilman Harry J. Freeman, Thomas Loughlin, Councilman Daniel W. Badger, ex-Councilman John Newick, Councilman James Schurman, Sheriff Ceylon Spinney and John Yarrowood.

The object of the society is to try and get the city government to finish the playground on Pine street, which could be done at a small expense; also to have Islington street between Jones' crossing and the Plains put in good condition and a fair share of the appropriation spent in Ward 3, as the largest taxpayers and industries such as the shoe factory, Morley Button Manufacturing Co., Jones' and Blodgett's breweries are in that ward.

There was great interest taken in the meeting and all promised to do what they could to make the object a success. The meeting adjourned at 10.30 p. m.

## NAVY YARD NEWS

Naval Orders  
Rear Admiral W. MacLean commissioned from March 10 1914.

Surgeon J. S. Taylor naval training station Great Lakes, Ill. to the Illinois.  
Chief Pharmacist R. F. Puck, commissioned from February 24th.

Vessel Movements  
The Cleveland has arrived at Annapolis.  
The Solace at New York.  
The Mayflower and Rocket at Washington.  
The Des Moines and Dolphin at Tampico.  
The Reid, Musser and Preston at Charleston.  
The Beale and Jarvis have sailed from Vera Cruz for Tampico.  
The Mexico from Vera Cruz for New Orleans.  
The Mars from Portsmouth, N. H., for Hampton Roads.  
The Tacoma Warrington and Henley from Tampico to sea.  
The Intrepid has relieved the Marblehead as receiving ship at Mare Island.  
The flag of the commander-in-chief fourth division Atlantic fleet has been temporarily transferred from the Connecticut to the Des Moines.

Eleven Want a Job  
Eleven applicants from this city, Rye, Kittery, North Hampton and other surrounding towns took the civil service examination for navy yard

Program for Friday and Saturday  
The Colonel's Orderly—Two reel western drama.  
A colonel's orderly is secretly in love with her father's orderly. A young lieutenant, through jealousy fastens a criminal charge on the orderly but after being wounded in a fight with Indians, his confession clears the young soldier.  
The Double Shadow—Edison two reel drama.  
A story of business life in which a dishonest man is shadowed by his grafting cashier and both are detected as they are about to make their getaway by the former's partner.  
In Remembrance—Selig drama.  
The bracelet that was intended for a famous dancer goes to the wife that deserved it.  
The Atonement—Essanay Western drama.  
The story of a reformed thief who has been elected sheriff, and his beautiful daughter who is a victim of heritage.  
Mutual Weekly—  
The Bowers Boys—Keystone comedy  
Fred E. Hasty's new ballad, "When the Stars Kiss the Day Good Night," with orchestral accompaniment, sung by Miss Belle Barron.  
Coming Monday—"Like Father Like Son"—Two reel American drama; and "Detective Kelly"—Two reel special Paths drama.

messenger boy at the government building here today.

This Sounds Good  
It is estimated that the Montana will remain here sixty days at least.

Ship Construction  
The battleship Oklahoma building in New York and now 97.2 per cent completed, stands at the head of navy dreadnaughts at present under completion, with the Nevada 63.9 per cent completed, second on the list. The destroyer Downes, also under construction in New York is 55.3 per cent completed, and probably will be the next boat of that class to be commissioned. Work is being hurried on all three vessels.

Six Weeks' Work  
The work to be done in the machinery division on the engines, ice machines, electrical gear, etc., of the U. S. S. Montana will likely take six weeks or more.

Will Come Out Later.  
The Montana baseball team will get out on the diamond shortly and will meet many of the local teams during the ship's stay here.

Forty-Eight Hours Off.  
A large number of the Montana's crew were granted 48 hours' liberty today.

This Will Start Something.  
By a unanimous vote a sub-committee of the house committee on naval affairs today voted a favorable report on a bill by Representative Charles C. Carlin, of Virginia, to reconstitute Capt. Armstrong Rust, U. S. N., retired, who was "plucked" by the "Plucking" board of 1912, of which Rear Admiral Newton E. Mason was chairman.

Called Back From Furlough.  
Twenty-four men who were recently furloughed in the machinery division for lack of work will be called back on account of the Montana overhauling.

## The Herald Hears

That a Penhallow street man certainly enjoyed some concert on Friday.

That the German band tore it off for two hours in front of his place of business.

That he attempted to get them away several times but they still stuck around.

That the band was there as the result of a bet.

That a man bet a dollar he could keep them in one place for two hours and he did it.

That every time they tried to go he tossed them a quarter.

That it cost him just \$5.00 to win \$1.00.

That ice formed to a good thickness in the north country last night.

That the Montana crew enjoyed liberty last night, the first for some time.

That they certainly let loose on the coin during the evening.

That it looked like old times to see them ashore.

That the crew are pretty well acquainted in this town.

That we should get busy and get President Wilson here on Flag Day.

That his no use appealing to him the day before.

That Associate Justice Charles E. Hughes, former governor of New York, and Mrs. Hughes will pass a good part of the summer at Lake Sunapee, N. H.

That the new lights to be installed on Congress street are the real thing in street lighting.

That a start in this line will be followed by others.

That every up-to-date city is adopting this method of lighting.

That post cards received from two local sports who have been missing for a week past, state they are on their way to Reno.

That P. D. Corcoran has resigned his position as janitor at the Haven school and entered the employ of John P. Morrissey in the latter's barber shop on Daniel street.

That Mr. Murray, of Murray & Baker who held the vaudeville boards at Music hall the first part of the week, was recognized by a few of his friends here.

That he is none other than Michael McGrady, who formerly lived on Bow street in this city.

That he has been on the vaudeville circuit for a dozen years or so.

That his former local associates were pleased to know that he is making good.

That the police are hoping the big heavy helmet will have to go on the shelf for the summer.

That one baseball team of the Sunset League is certain of the admiration of the fair sex.

That they had it in bowling circles and some of it was strong.

BORN AT THE HOSPITAL  
A daughter was born on Friday to Lieut. and Mrs. A. B. Miller, and a son to Mr. and Mrs. Oscar Teague on the same date at the Portsmouth Hospital.

## MEETS WITH BAD ACCIDENT

Steel Plate Weighing 800 Lbs. Falls on Foot of Workman.

Henry O. Batten of State street, employed in the shipfitters force at the navy yard, sustained a bad injury to his right foot in the workshop of the hull division on Friday afternoon. He was engaged with other workmen in handling steel, when a sheet weighing nearly 800 pounds fell from a sling, landing heavily on his foot and breaking several small bones. He was removed to the yard dispensary where navy medical officers treated him and ordered his removal to his home. The accident will keep him from his duties for six months at least.

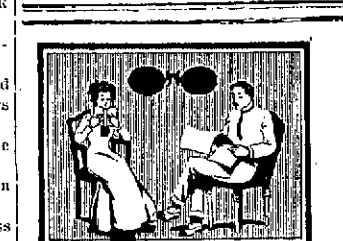

## OBITUARY

George Washington Brown.  
George Washington Brown passed away this morning at his home on Washington street, after an illness of two weeks, aged 60 years. He is survived by one sister, Miss Carrie Brown of Roxbury, Mass., and a half brother, Mr. Frank Goring, of this city.

Prof. Edward C. Perry.  
Professor Edward C. Perry, formerly connected with the Plymouth Business School in this city, died Thursday evening at 7.45 o'clock at the Massachusetts General Hospital. Mr. Perry had been confined to the hospital for a week previous with a broken hip. He was a former resident of Plymouth, Mass., but had resided in Allston for some time past. Mr. Perry was about fifty years of age. He will be buried in Plymouth Monday morning.

## Y. M. C. A. JUNIORS WIN

The Y. M. C. A. Juniors defeated the Shamrocks in a rather one-sided game yesterday afternoon by the score of 21 to 6. Features of the game were the pitching of Trueman for the winners, and a home run by Thompson, also of the winning team. Currier, the Shamrock's pitcher started out well but was outpitched by Trueman.

## HOLDING YOUR BOOK
